Could a conversation (or avoiding one) be keeping you from getting the results you need? Whatever the issue—from poor productivity or declining quality to lack of teamwork or strained relationships—it's likely that you're experiencing the effects of a poorly held crucial conversation.

What is a Crucial Conversation?

A crucial conversation is a discussion between two or more people where stakes are high, opinions vary, and emotions run strong. These conversations—when handled poorly or ignored—cause teams and organizations to get less-than-desirable results. Put our award-winning Crucial Conversations Training approach to work for you, your team, and your organization, and everything gets better.

Who Needs Crucial Conversations Training?

Does your organization suffer from taboo topics, deference, disagreement, analysis paralysis, information hoarding, office politics, or alienation? Do you work with others who are hard to get along with, drag their feet, avoid tough issues, advocate their position excessively, respond poorly to pressure, easily become emotional, or run away when disagreements arise? Then you, your team, or your organization needs Crucial Conversations Training.

What is Taught in the Training?

Learn how to create conditions where people speak with complete candor (no matter the topic) and with complete respect (no matter the person). Gain skills that enable spirited dialogue and reduce deference and defiance. Begin stepping up to tough issues and sharing opinions, feelings, and information safely and freely. Learn how to promote the best ideas, save time with fewer meetings, have less disagreement, and build more alignment with better decisions.

Who Have We Influenced?

More than two million people and 300 of the Fortune 500 companies have used Crucial Conversations skills to enable people to step up to controversial and heated issues—and handle them well.
